You Can Build, Paint and Remodel for Less in the Winter

Interior Decorating, Repair Work and Remodeling Will Cost Less If Done Now Than You Will Have to Pay in the Summertime.

NOW that Christmas is past, the problems of home life again loom large in our scheme of things we have planned to have done—some repair work on the home, interior decorating or remodeling.

Just at this time of the year and through the remainder of the winter months there is plenty of skilled labor available—men who thoroughly understand remodeling, interior decorating and who are experts on repair work in the home.

It is wise to have such work done and a little figuring will convince you that the costs for such work will be considerably less than if you wait until spring, when there is a greater

Call up any of the firms on this page for more details. Costs you nothing.

IT WILL be the part of wisdom if these matters are given immediate attention. There are two distinct advantages of having such work done this winter instead of waiting until spring.

demand for labor and materials are not as plentiful and consequently higher in price.

This applies particularly to interior decorating of all kinds, remodeling and repair work in the home. Such work may be done now just as well as months later and at a less cost. If you are planning any such work—DO IT NOW! and save the difference.

Better than a Janitor

Perfect, Uniform Heat for the Home

The BERRYMAN system of Oil heating is better than having a Janitor. It takes no time off. It never sleeps.

It AUTOMATICALLY keeps your home at the temperature you desire, regardless of sudden changes in the weather. Just set the Thermostat and forget about heating. No more work and bother with coal and ashes. No littered basement.

BERRYMAN

System of Oil Heating

Is the most advanced heater on the market. Burns LESS and CHEAPER oil. Makes less noise. Odorless. Can be installed in any domestic heating plant without any alterations.

The convenience and SAVING IN MONEY forces you to install the BERRYMAN in your home. Let us PROVE this. Let us show you how it will pay for itself in a short time.
